Go Beyond Ordinary.

Deckorators® takes the enjoyment of personalizing your outdoor living space to a whole new level. With decking and railing products that excite and inspire, you can accessorize and enhance the world outside your four walls with the newest, on-trend styles from the brand that's always leading design innovation. Deckorators offers the quality and selection that transforms your deck into a reflection of you, your home and your sensibilities. As the first name in outdoor decorating, we've staked our reputation on your satisfaction.

In fact, we're so confident, we stand firmly behind that reputation with some of the best, first-of-their-kind product warranties in the industry.

Ready to get started? At [Deckorators.com](https://www.deckorators.com), gather ideas from our photo gallery, then let our deck-design software transform your dreams into shape and form. You can also visit Deckorators' YouTube channel for the latest design ideas, and follow us on Pinterest, Twitter, Instagram and Facebook because inspiration shared makes everything more beautiful.

Love what you see? We've compiled a list of local contractors—just for you. Locate the best, most reliable, qualified contractors in your area at [Deckorators.com](https://www.deckorators.com). Also, our Certified Pro Program makes it easier than ever for contractors to increase their business, receive benefits and earn rewards through their relationship with Deckorators. Visit [Deckorators.com/pro](https://www.deckorators.com/pro) to learn more.

What's New for 2016?

VAULT DECKING

New Deckorators Vault is a giant leap forward in wood-alternative decking. Vault features a durable cap stock that won't stain or fade and is resistant to moisture and insects. Changing weather conditions can't hurt it, so it's ready to be used no matter the season, year after year.

CABLE RAIL

For tastes that lean toward the contemporary, Deckorators' new twist on railing infill options will thrill the modern sensibility. The minimalist look of sleek horizontal cable rail—in place of traditional vertical balusters—is like a breath of fresh air for your deck.

TWO-PIECE POSTCOVERS

Add interest to existing deck posts—and to your whole deck—by adding one of our two new postcover options. They're oh-so-easy to install. And the faux-stone look will breathe new life into your deck.

DECK BOARD RAILING CONNECTOR

There's a new look for the top of your railing and it has everything in common with the decking under your feet. With the new deck board railing connector, easily attach a single length of decking—either matching or complementary—to your top rail and create a stable, accommodating surface with a look you love.

DECK GATE

For added security, add an attractive gate with quality hardware for extra safety. You'll appreciate the enhanced convenience of Deckorators new, easy-to-install deck gate system.

ALUMINUM CAP RAIL WITH WOOD-GRAIN FINISH

Get the look you love and the low-maintenance durability you want with Deckorators new aluminum cap rail with woodgrain finish. You'll get the warm look of wood with the weather-beating quality of aluminum.

Introducing Deckorators Vault

Eovations™ Technology

Deckorators Vault features a substrate made with exclusive Eovations technology. To describe Eovations, it's easier to start with what it's not: wood or wood-filled, vinyl, fiber cement or plastic composite. In fact, it's unlike any other decking on the market today. The extrusion-oriented process creates a fully fibrous product providing a durable, stable and water-resistant deck board with a superior strength-to-weight ratio. It won't splinter, sag, chalk or crack. It won't even budge when struck with a sledgehammer.

Visit Deckorators.com/gobeyondordinary to learn more.

Deckorators Vault

New Deckorators Vault decking is a giant leap forward in wood-alternative decking. It's made with Eovations™ technology that delivers the industry's best strength-to-weight ratio. It's powerful and stable; plus, it doesn't absorb moisture, and the durable polymer cap stock won't stain or fade. Simply put, it can take any climate or conditions and still look amazing. Available in 12', 16' and 20' lengths.

Deckorators Classic

Deckorators Classic Series offers a traditional style and colors as well as the beauty of ultra low-maintenance decking. Available in four classic colors—gray, cedar, redwood and walnut—with the same embossing pattern as our Vista series, its timeless design is the perfect way to make the most of your outdoor living space. Backed by our 25/25/25 limited warranty, the personal touch you put on your deck is guaranteed to last. Available in 12', 16' and 20' lengths.

Gray

Cedar

Redwood

Walnut

It's all in the details.

White Fascia

NEW
2016

White fascia creates a timeless look for any deck. Made of the same material as Deckorators Vault decking, fascia eliminates the need to paint or stain the wooden understructure and also can be used to wrap oversized posts.

Hidden Fasteners

The Stowaway™ Hidden Fastener discreetly secures deck boards to joists with a single stainless steel, color-matched screw. The Stowaway screw comes preloaded, making the installation process faster, saving time and money. There is no pre-drilling or countersinking. And deck boards are automatically spaced at proper intervals. This system results in a beautiful, smooth and virtually fastener-free deck surface.

Stowaway Hidden Fastener

Deck Board Profiles

Slotted-edge decking gives an undisturbed, fastener-free appearance to the surface of your Deckorators boards. Used with the Stowaway fastener system, which spaces boards correctly and speeds your installation process.

The solid-edge board is perfect where board edges are visible, such as a picture-frame boards and stair treads. Solid boards should be facemounted with composite-wood deck screws.

Cable Railing

NEW
2016

The modern, contemporary design of cable rail is now available through Deckorators. Cable rail's minimalist look instantly updates your deck with its current, on-trend styling. Use cable rail in place of traditional rails and balusters when you choose CXT Pro, CXT Classic or ALX Pro systems. Add dramatic effect with solar or low-voltage post caps from our selection, or choose a contemporary accent from our non-lighted post cap designs.

- C Choose post caps (if applicable)
- D Order cable spacer
 - 1 for 6-ft rail section
 - 2 for 8-ft rail section
 - 34.5" for 36" rail heights and 40.5" for 42" rail heights
- E Cable
 - Available in 500' length
- F Cable hardware pack
 - Each hardware pack completes one cable and includes 2 eye lag screws, 1 fork jaw and 1 turnbuckle
- G Post protectors
 - Sold in packs of 10. For use on corner post to protect post covers

Deck Board Railing Connector

Easily attach a deck board to your railing top with the new deck board railing connector. With it a single length of decking can be mounted atop your rail, providing an attractive, convenient surface stable enough to display décor or rest a drink. Railing connectors are compatible with CXT Pro Contemporary, CXT Classic, CXT Architectural, ALX Pro and ALX Classic railing systems.

Deck Gate

NEW
2016

Add an attractive, safe and convenient entrance and exit point anywhere along your deck's railing system with a black aluminum deck gate. This 36" x 45.5" gate may be cut to size and features durable, welded hinges. All hardware comes included.

Mix-and-match baluster design.

Deckorators® low-maintenance, easy-to-install aluminum and glass balusters offer several distinctive options. Classic aluminum balusters lend outdoor settings a sleek, contemporary feel. Baroque balusters give a European flavor. Arc balusters add graceful curves to your design. Estate balusters bring a modern touch to outdoor projects. And for classic, geometric styling, Deckorators offers Traditional balusters.

Ellipse balusters feature an innovative shape allowing for a variety of infill patterns, and square Twist balusters offer another stylish option to customize railings.

Create an outdoor "room with a view" using Scenic glass balusters. Straight Frontier and Frosted styles are made of 5/16"-thick tempered safety glass.

Connectors make installation quick and easy

Railing and baluster installation is a snap using Deckorators® connectors. Designed for form as well as function, connectors are available in a variety of styles and colors. And attaching railings to posts—at almost any angle—is equally quick and easy. Baluster accessories, such as baskets, collars and solar baluster lights, enhance the customization and personality of a rail.

2x4 RAILING CONNECTORS

- Quick, easy attachment of railings to posts.
- Durable plastic is predrilled for accurate attachment of 90-degree railings.
- Works with solid 2x4 composite and wood railings.
- Includes stainless steel screws.
- Multi-angle railing connectors available for installation of 22 to 45degrees.
- Available in black, cedar, redwood, gray and mahogany.
- 2x4 Stair rail connector also available in black, cedar, redwood, gray and mahogany.

FOR ESTATE BALUSTERS

Estate Baluster Connector

- Secures Estate balusters to rails without routing holes.
- Includes stainless steel screws.
- One pack of 20 installs 10 balusters.
- Available in black, bronze and white.

Estate Baluster Stair Adaptor

- Use with Estate baluster connectors.
- Made to fit a 35-degree stair angle.
- One pack of 20 installs 10 balusters.
- Available in black, bronze and white.

Standard Estate Baluster Connector

- Secures Estate and Twist balusters to rails without routing holes.
- Includes stainless steel screws.
- One pack of 20 installs 10 balusters.
- Available in black and white.

Standard Estate Baluster Stair Connector

- Made to fit a 35-degree stair angle.
- One pack of 20 installs 10 balusters.
- Available in black, white, gray and brown.

Estate Basket

Style tip
Think outside of the deck! Post caps are a great way to add a unique finishing touch to fences, dock posts, signs, mailbox posts and more.

VersaCaps™: get the right fit

Add pizzazz to deck railings with decorative post caps—one of the most prominent features of any outdoor living space. Deckorators® VersaCaps let you top posts no matter the size, with an array of styles and colors.

Each 4x4 VersaCap comes with three removable collar inserts nested inside the base. Fit the cap snugly atop any post ranging from 3-1/2" to 4-5/8" square simply by removing the necessary number of inserts.

The 6x6 solar VersaCap includes two inserts to fit posts between 5" and 5-1/2" square.

VersaCaps add style to posts made of wood, vinyl or composite, and work with our CXT post sleeves as well as most leading post sleeves on the market.

Deck safety made simple

Perfect for homes with small children or seniors, this attractive, highly versatile, graspable handrail is ideal for meeting special building codes.

Made of heavy-gauge aluminum and durable PVC, the system includes five different radius elbows and several styles of returns to meet every possible installation.

The railing is available in two colors (black and white) that complement popular siding and trim products used in new home and building construction.

POSTCOVERS

Our cast stone postcovers transform your deck's ordinary posts into impressive, natural-looking pillars. Made of fiberglass-reinforced concrete, our postcovers come in three styles with five mix-and-match postcover caps. New for 2016, our two-piece postcovers are easy to install over existing posts or structures and available in two styles: Beige Stacked Stone and Gray Cobblestone.

Gray Fieldstone Postcover Gray Cobblestone Postcover Beige Stacked Stone Postcover

Fits over 4x4 or 6x6 posts and available in 42" and 53" heights
 (Inside dimensions 5-3/4" x 5-3/4")

Low Voltage Lighting Clip System

Deckorators newest line of low-voltage lighting products features a straightforward clip system, making installation of outdoor lighting simpler and quicker than ever. Each component's clip simply plugs into a junction box. This system includes lighting for tops and sides of posts, rails and decks, as well as everything needed to connect to a low-voltage power system. All lighting components feature warm, white LED lights. We also offer a converter clip, which allows almost any low-voltage light source to be installed with our system.

UNDER TOP RAIL LIGHT

- Connects to the underside of a top rail
- 18" long
- Available in black and white
- Compatible with Classic and Estate balusters

NEW
2016
