The perfect blend of beauty and durability...

Natural Stone Edging provides defined lines with a natural appearance for plant and flower beds, or curbs for paths and driveways and as a cobblestone for walkways, entrances or drives. Inset into a natural hill or slope, our Natural Stone Steps provide a beautiful alternative to concrete or wood. The timeless beauty of Natural Stone Steps will truly enhance your landscape, or can be used for interior applications as well.

# 8" Drywall and Natural Wall

GENUINE STONE

YOUR ESSENTIAL GUIDE TO COLOR SELECTION

*Top Left: Weathered Sandstone Boulders & Ledge ; Top Right: Weston Cream Foundation Block;  
Bottom Left: Hickory Gray 2" Steppers shown with Hickory Gray Natural Wall;  
Bottom Right: Kewanee Skippers Mixed Sizes & Mexican Beach Pebbles 2" - 3"*

*Though colors in this brochure are as close to the actual stone as possible, photographic & printing techniques & actual viewing conditions can alter perception of color. The beauty of natural stone products resides in its unique characteristics, as a result quantity, color, texture, size & bedface variations will occur & may vary from samples provided to the customer & from shipment to shipment. Please make your selection from actual samples whenever possible.*
